

# Safety Helmets

## Serpent® Safety Helmets

Serpent® safety helmets are available in two versions: an unvented Class E version and a vented Class C option. Serpent protects against the most threatening of hazards, and has been independently tested to meet and exceed the ANSI Z89.1 standard to prove it.

### Product Features

- Sleek, snake-head-like shell design provides attractive style while offering durable protection
- High-density polyethylene is incredibly light – just 13.1 oz.
- Eight-point, six-strap nylon suspension is comfortable and provides exceptional impact absorption
- Soft, cushioned brow pad helps absorb moisture
- Available with a rotating ratchet suspension, which adjusts to fit head sizes from 6-5/8 – 8-1/4
- Independently tested to meet the voluntary ANSI Z89.1-2009 standards for high visibility (hi-viz shell colors only), lower temperature, and reverse donning

**Other colors, styles and accessories are available.
