The Milwaukee 2429-21XC M12™ Sub-Compact Band Saw is the most compact and lightest weight cordless band saw on the market. At less than half the weight and size compared to a traditional deep cut band saw, the M12™ Band Saw provides one-handed power and portability to electricians, maintenance professionals, and other users cutting small diameter materials. The M12™ Band Saw weighs only 6.75 lbs and 12" in length, making it ideal for overhead or one-handed cutting applications.
