HOME THEATER

Installation At-A-Glance

INSTALLATION AT-A-GLANCE HOME ENTERTAINMENT CONNECTION CENTER

1. Cut three in-wall speaker mounting holes to the left of, to the right of and centered above the entertainment center.
2. Cut two in-ceiling speaker mounting holes behind and to the left and right of the listening area.
3. Run 16/2 speaker wire from each speaker hole location to a pre-construction bracket at outlet height behind the entertainment center. Also run two Cat 5e cables from the On-Q enclosure to the pre-construction bracket.
4. Install the speakers in the appropriate mounting holes and install the HECC in its bracket after attaching all the 16/2 wires from each speaker and the Cat 5e cable from the enclosure.
5. Connect the audio equipment to the HECC with 16/2 speaker wire connected to the audio equipment's speaker terminal outputs.
