AU1060 Home Systems Remote 1060

AU1060

Home Systems Remote 1060

PART NO.	DESCRIPTION
AU1060	The On-Q Remote features whole house commands which control all keypads from one location. It controls the lyriQ Audio System, as well as other On-Q systems. The universal remote can also be programmed to control up to seven additional devices.

PART NO.	PRODUCT	DESCRIPTION
F7425	Dual IR Mouse Emitter	Includes 3.5 mm mono mini plug for connection to any lyriQ Source Input. Emitter installs directly over IR sensor window for control of source equipment from the keypad or universal remote.
AC1016	Universal IR Target	Enables control of multimedia equipment in locations without a volume control, such as when equipment is stored inside the entertainment center.

AU8001-V1 Bluetooth 4.0 Receiver

AU8001-V1

Bluetooth 4.0 Receiver

PART NO.	DESCRIPTION
AU8001-V1	This high quality Bluetooth Receiver transforms Bluetooth audio from a Bluetooth source device such as a smartphone or tablet into line level audio that is connected to a On-Q lyriQ music system or any home audio receiver/amplifier. This Bluetooth Receiver plugs into a standard electrical outlet for its power source. It also has a USB charging port capable of charging any portable device with its supplied cable up to 1 amp of current. This receiver also supports the A2DP stereo audio profile but also supports the higher end Bluetooth aptX audio profile for CD quality Bluetooth (source device must be compatible to take advantage of this feature).
