

3M™ Head/Face Protection

- Economical H4 Headgear
- High density polyethylene suspension has adjustable pinlock and five position crown strap for additional support and comfort
- Adjusts from size 6½" to 8" in ½" increments
- H8A Headgear is a deluxe headgear with precision ratchet head size adjustment for a comfortable, snug fit
- Five position pinlock crown strap for additional support and comfort
- Floating window suspension distributes weight and reduces shock of impact
- Can be used in ambient air temperatures up to 300° F
- H10 Headgear has the same features as the H8A plus a crown extender for additional top-of-the-head protection and headgear extenders to move the headgear/faceshield further away from the face
- H24M Cap Mounted Headgear has a spring loaded metal mounting channel for easy and quick attachment to most hard caps
- Dual pivot friction adjustment for individual preference
