

## Safety Padlocks The Ultimate Lockout Lock!

Brady Safety Padlocks complies with all OSHA requirements and is a safer alternative to metal locks for lockout applications. The body is nonconductive, while the unique key cylinder prevents electricity from traveling from the shackle to the key, protecting workers when key is inserted.

Safety Padlocks also deliver superior corrosion resistance. Third-party tests confirm that Brady outperforms the leading competitor when subjected to repeated salt water sprays.

- Superior temperature, chemical and corrosion resistance
- "Danger" and "Property of" labels provided in English, Spanish, and French and are printed on 100% recycled paper
- Reserved paracentric keyway provides optimal security (prevents someone from getting a copy made at a local key shop)
- Key-retaining safety feature prevents key from being removed until shackle is securely closed
- Locks come keyed differently or in keyed-alike sets. Custom keying and charting also available (see page 198)
- Lock bodies can be custom laser engraved upon request
- One key is supplied with each padlock for safer key management

## Compact Safety Padlocks

- Extremely compact and lightweight - the smallest safety lock on the market
- Fits in small spaces easily (circuit breaker panels, etc) and is ideal lock for electrical contractors/maintenance/electricians
- 5-pin cylinder - can support same keying system as our current Safety lock
- Fiberglass reinforced nylon body for extra impact resistance
- Aluminum shackle gives superior spark and corrosion resistance
- Service temperature: 0-250 degrees F (-20 - 120 degrees C)
- Lock body dimensions: 1 2/5" H, 1 1/5" W, 5/8" D
- Shackle clearance: 1"; shackle diameter 1/5"

### Compact Safety Padlocks (Available November 2011)

Color	Keyed Different 1 Padlock/Pack	Keyed Different 6 Padlocks/Pack	Keyed Alike 3 Padlocks/Pack	Keyed Alike 6 Padlocks/Pack
Red	143150	118926	118953	118954
Green	143152	118927	118955	118956
Orange	143154	118928	118957	118958
Blue	143156	118929	118959	118960
Yellow	143158	118930	118961	118962
Brown	143160	118931	118963	118964
White	143162	118932	118965	118966
Purple	143164	118933	118967	118968
Black	143166	118934	118969	118970

When keyed alike, all locks in a set can be opened with the same key. This option is beneficial when multiple locks are assigned to a single employee.

## Safety Padlocks

- Lightweight, nonconductive and non-sparking body
- Special 6-pin cylinder resists tampering
- Fiberglass reinforced nylon body and triple-coated hardened steel shackle
- Service temperature: 0° - 250° F (-20° - 120° C)
- Lock body dimensions: 1 3/4"H x 1 1/2"W x 7/5"D
- Shackle clearance: 1 1/2"; shackle diameter: 1/4"
